WELCOME TO VIRTUAL JETC!

We are excited to welcome you to the first-ever Virtual JETC! This unique online event will provide the professional development and networking opportunities you need to stay up to speed with all that is happening in the federal A/E/C sector. Sessions can be experienced in a live virtual environment or by access to a recording for on-demand listening. Through Virtual JETC, you will be able to connect with colleagues, enhance your knowledge base, and strengthen your company and agency at what is a pivotal time for the industry and the nation.

The impacts of COVID-19 have placed significant strains on our world—but as SAME celebrates its Centennial in 2020, we are adapting for today, and tomorrow, to ensure we are achieving our mission of leading collaboration as we all work to help secure America’s future, together.

Attendees must register for and choose each session you want to attend by going through the Attendee Service Center on the JETC website and then making your selections at least 30 minutes before they start.

Be sure to visit our Virtual JETC Exhibit Hall and complete a “trivia” contest for a chance at some great prizes!

SCHEDULE-AT-A-GLANCE

Wednesday, May 27

11:00 a.m. General Session with Engineering Service Chiefs

12:30 – 1:30 p.m. Concurrent Education Sessions
• Design and Construction for Successful Accreditation of a Secure
• High Performance Sustainable Buildings/Guiding Principles - Practical Approach to Sustainability
• PFAS: DOD’s Role in Addressing this National Issue
• Theater Engineer Command & Control
• A Contracting Officer’s Federal Roadmap for Successful Business Development Positioning
• A Holistic Approach to Being Cyber-Resilient

1:30 – 2:30 p.m. Energizing Break Activity

2:30 – 3:30 p.m. Concurrent Education Sessions
• Human-Robot Collaboration in Construction Sites
• A Case Study of Energy Recovery Ventilation Design
• Identify, Respond, and Prevent: DoD’s Strategy for Addressing PFAS Releases
• INDOPACOM Engineer Response to Construction Peer Competition
• ABOVE the FRAY
• Disaster Strikes! Industry-Government Engagement to the Rescue!

4:00 – 5:00 p.m. Concurrent Education Sessions
• Solving Cost Challenges Through Mission Centric, Function-Driven Design
• Get the Microgrid You Require; Not the One You Desire
• Results from Six In-Situ Pilot Tests for PFAS-Impacted Groundwater
• Expeditionary Engineering Systems for Advanced Base Operations
• Mickey’s Rules for Leaders
• Designing Survivability - Facility Layouts in the Armed Assailant Era
Thursday, May 28

9:00 – 11:00 a.m.  • The Art of Overseas Cost Engineering - 2 PDHs

11:00 a.m.  General Session with Mike Rowe & SAME President Transition

12:30 – 1:30 p.m.  Concurrent Education Sessions
  • Senior Enlisted Forum
  • Designing to be Renewables-Ready (and Not Ugly)
  • Why We Need a New Approach to PFAS Remedial Investigations
  • Yielding Stronger Organizational Effectiveness and Winning the Talent War
  • Creating a Resilient Environment for Protecting Critical Infrastructure

1:30 – 2:30 p.m.  Energizing Break Activity

2:30 – 3:30 p.m.  Concurrent Education Sessions
  • Insight into DOD Critical Systems Testing & Integrated Commissioning Processes
  • Philadelphia Navy Yard - Resiliency with a Payback
  • Answering the Ask through Imagination: NEPA Process Streamlining Innovations
  • Developing Executive Presence
  • Developing Resilient, Sustainable & Smart Performance Standards for Installations

4:00 – 5:00 p.m.  Concurrent Education Sessions
  • Small Business Forum
  • Improving Energy Savings Through Commissioning in Existing and Historic Buildings
  • Deploying a “Three-Legged-Stool” Approach to Drinking Water Protection for PFAS
  • Collaborative Working, from Project Inception to Completion
  • Recovery and Mission Restoration After Natural Disasters
  • Climate-Ready Infrastructure: Opportunities and Challenges to Increase the Nation’s Resilience

Friday, May 29

11:00 a.m.  General Session with Gen. Stanley McChrystal, USA (Ret.)

12:30 – 1:30 p.m.  Concurrent Education Sessions
  • Marketing/Business Development Forum
  • Treatment and Efficient Recovery of Wastewater on Contingency Bases
  • New Water Utility Risk Assessment and Emergency Response Plan Requirements
  • Geospatial Engineering – Gaining Irreversible Momentum
  • Not Another Line in the Sand, Coastal Resilience Post Disaster

1:30 – 2:00 p.m.  Energizing Break Activity

2:00 – 3:30 p.m.  Concurrent Education Sessions
  • Cost Engineering Forum
  • Getting Mentoring Going Forum
  • PFOS Contaminated Food at Military Installations: Understanding and Communicating Risk
  • JCMS: Engineering Solutions for the Future Fight

3:30 – 4:30 p.m.  General Session with Vice Adm. Jerome Adams, MD, USPHS, U.S. Surgeon General

Schedule as of May 15, 2020. Education sessions offer 1 PDH.

Download the SAME Events App in the App Store or Google Play for up-to-date information on sessions, speakers, and exhibitors. Plan your daily schedule and get direct access to all Virtual JETC has to offer.
